

Your TOMORROW Is Our MISSION.

TIME WARP CORPORATION SARATOGA MAYDAY

Coming soon

TIME WARP CORPORATION SARATOGA MAYDAY

As the long-range mayday signal from the spaceship Saratoga arrived, four chosen agents of the Time Warp Corporation were conveyed to the far reaches of our dimension. Soon, the agents will find out this first mission is not what they expected, and their skills will be tested to the max.

Illusion Walk presents "Saratoga Mayday", the newest Science Fiction Adventure for the Immersive Deck. It is the first experience in a series of titles, centered around the agents of the mysterious Time Warp Corporation. A non-governmental global organization, sending teams of TWC-agents on space-time missions with only one ambition – "to defend the stability of our dimension".

The *Immersive Adventure* is the most advanced VR-entertainment format – a crossover between cinematic storytelling and role-play interaction. This highly immersive team event with a thrilling story takes place in a free-roaming large-scale playground along with impressive VR effects and interactions.
